ABOUT ME

I was born in Istanbul in 2003. I am a 3rd year student at Marmara University, Department of Computer Education and instructional Technologies. I am responsible, communicative and curious. I am improving myself in my field of computer technologies.

EXPERIENCES

EDUCATIONAL TECHNOLOGY INTERN

Vakıf Katılım Bank | Oct 2023 - Currently

Managing the Vakıf Katılım Academy's remote education system, designing and implementing educational programs for the Information Technologies Job Family, overseeing the Vakıf Katılım Academy Portal, conducting video project shoots at the Vakıf Katılım Academy Studio, monitoring the digital orientation program, managing the Digital Library application, supervising the Yetkin AI-supported competency development platform, and managing the e.Mobil+ application.

CORPORATE COMMUNICATIONS COORDINATOR

Marmara İşletme Kulübü | Oct 2022 - Oct 2024

This year, I serve as the Corporate Communications Coordinator for this club, where I was an active member last year. In my role, I plan and organize events to foster community engagement and build strong relationships with corporate partners, leveraging my skills and insights as a coordinator.

CERTIFICATES AND PROJECTS

"EGİTÇİ" PLATFORM

Oct 2024 - Currently

Developing a platform that directly connects educators with individuals and organizations, aiming to promote equal opportunities in education. I implemented features such as filtering, sorting, and reviews, allowing users to easily find qualified experts and access education without intermediaries
